Beauty Secrets of Russian Women

Our goal is to introduce the best of Russian beauty to the US. We have taken our time to search and discover the best of what Russian beauty has to offer. Products that blend tradition, innovation and natural beauty, while staying true to the authentic recipes Russian women have loved for generations. The result is a carefully curated collection of modern skincare. From wheat-infused cleansers to black currant masks, Russian beauty is deeply connected with the purity of nature, unleashing the power of potent botanicals to help you achieve the flawless complexion Russian women are known for around the world. At Rumore we are unveiling their skincare secrets, introducing Russian beauty to the US for the first time.

The Undiscovered Global Beauty Phenomenon

Russian skincare is the perfect blend of modern innovation and traditional Russian beauty. At Rumore, we partner exclusively with high quality, cruelty-free brands, with products developed and created in Russia, and follow the highly regulated standards of clean beauty established in Europe. Many products in our assortment are certified by Ecocert / Cosmos Natural and Cosmos Organic and have become skincare staples in the beauty routines of Russian women.

Carbon46

[RECIPES](#)[NUTRITION](#)[BLOG](#)[ABOUT](#)

in California ian Cuisine- Way of Life, th Towards Health

As a Functional Nutritionist and cooking enthusiast, I am here to help you discover your path to wellness through nutrient-rich recipes, such as Persian cuisine, gluten-free, dairy-free, and vegetarian alternatives, along with natural remedies such as essential oils and supplements.

You will discover ways to improve your digestive health, lower inflammation, and learn how the gut and brain affect one another.

Persian cuisine, one of the world's oldest and most cosmopolitan, highly fragrant and flavorful, and also highly nutritious, mostly gluten-free, and simple to prepare.

My recipes offer a modern spin on traditional Persian dishes, while preserving the flavors with a focus on fresh, healthy ingredients, including gluten-free, dairy-free, and vegetarian alternatives.

Food is not only how we nourish ourselves but also used to connect with one another. A meal made with love and care is a beautiful experience. It is no wonder food is so important.

The name carbon46 stems from the science-based make-up of all living things in the universe and the 46 chromosomes that make up human DNA; if we were an element on the periodic table C46 would be our symbol.

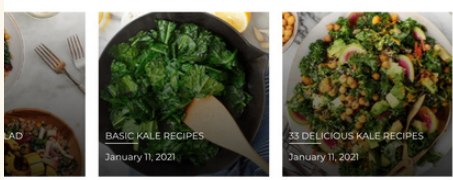

Sepi Zoufonoun
FUNCTIONAL NUTRITIONIST

I am a functional nutritionist and cooking enthusiast, with a passion to help people live their best life by using natural remedies, essential oils, and deliciously healthy and nutritious recipes. I specialize in leaky gut, gut connection and autoimmune disorders.

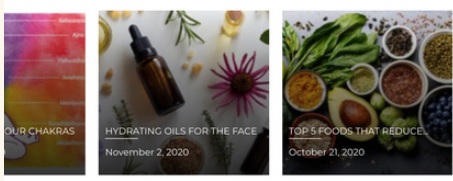

I was inspired to start Carbon46, which combines Persian cuisine/culture and nutritional knowledge. Join me on this tantalizing culinary adventure.

WARUM WIR?

1. EINFACHER

Kommunizieren Sie mit uns bequem und einfach schriftlich oder mündlich in Deutsch statt in Englisch. Dadurch ersparen Sie sich Missverständnisse.

2. KEIN STILLSTAND

Bei unserer Teamarbeit gibt es gegenüber einem einzelnen Freelancer keinen Stillstand, wenn sich ein Freelancer nicht mehr meldet oder nicht mehr weiterweiß.

3. QUALITÄT

Unser deutschsprachiger Projektmanager Hauke Schubert informiert Sie gerne täglich über den Fortschritt und nimmt gerne Ihre Verbesserungsvorschläge entgegen, welche wir unverzüglich umsetzen. Wir sind erst zufrieden, wenn Sie es auch sind.

4. GÜNSTIG

Unser mehrsprachiger Projektmanager koordiniert ein internationales Team. Dadurch können wir trotz deutscher Kommunikation einen günstigen Preis anbieten.

Lasst uns gemeinsam durchstarten!
